Our Mission Statement:

As residents of Nutley, we are committed to preserving the unique character of our town. Our mission is to enhance communication and foster a partnership between our community and government in order to encourage appropriate development.

Among our concerns is the need to:

- » Protect the town from overdevelopment and overcrowding.
- » Control the trend toward tearing down graceful, older homes and replacing them with houses entirely out of character with the street, the neighborhood, and the town.
- » Protect the town's shade trees, which give it so much of its character – not just in the parks, but throughout the town itself, on both public and private property.
- » Rein in the abuse of zoning variances allowing for, among other things, the erection of two or more residences on lots zoned for one, single-family house.
